HDV Wing Kit
shown with
Canon 7D, Marshall 7" monitor,
LitePanels MicroPro LED,
and Azden Microphone

Figure #1

**** Important ****
Screws for the three slots must be installed and removed at these locations or screws may be damaged and warranty voided

Figure #2

Attaching the MC to the HDV Wing

The HDV Wing Kit includes (2) MC (non-locking shoe mount accessory). The location may be in any of the (3) slots. Once final location is determined, tighten the MC with the D-clip screws provided.

Attaching the Extension Bar to the HDV Wing

The HDV Wing Kit includes (1) HDV Extension Bar (extended locking shoe mount accessory). The location may be in any of the (3) slots. It can be positioned towards the front or back in the outer two slots and towards the front in the middle slot. Once final location is determined, tighten the HDV Extension Bar in place with the D-clip screw provided.

Attaching the optional Low View Handle to the HDV Wing

The HDV Wing was designed to give users many ways to use with accessories. The optional Low View Handle may be positioned towards the front or back in the outer two slots and towards the front in the middle slot. Once the final position is determined, tighten the handle using spare part (SP-291) D-clip screw.
